Professional Summary

UI/UX Designer with hands-on experience designing responsive web and mobile interfaces, user flows, wireframes, interactive prototypes, and design systems using Figma. Recently completed professional UI/UX training and built multiple end-to-end design projects including e-commerce websites, landing pages, and portfolio websites. Bringing 1+ year of customer support experience with strong communication, empathy, and problem-solving skills that contribute to user-centered product design.

Projects

Zomato Food Delivery App UI (Figma)

🌐 [View Project](#)

Designed a pixel-perfect food delivery application with modern UI components and consistent visual hierarchy. Created high-fidelity mockups, reusable components, and interactive prototypes using Figma. Focused on user-centered design principles, usability, spacing, typography, and accessibility.

Coffee Café Website Landing Page (Figma)

🌐 [View Project](#)

Designed a modern responsive landing page for a premium coffee brand. Established typography, color palette, spacing system, and reusable UI components. Created interactive prototypes with intuitive navigation and engaging user experience.

RedTape Website Redesign (Figma)

🌐 [View Project](#)

Redesigned an e-commerce website with a modern shopping experience. Improved navigation, product hierarchy, and responsive layouts. Created interactive prototype featuring Smart Animate and micro-interactions.

Personal Portfolio Website (HTML5, CSS3)

🌐 [View Portfolio](#)

Designed and developed a responsive personal portfolio website showcasing UI/UX projects. Implemented responsive layouts, smooth animations, and accessible user interfaces. Built using semantic HTML5 and modern CSS while following responsive design principles.
